

Sr. Futures Syllabus

Instructor: Kerry McAdams
Phone: 966-3247
email: kerrym@mehs.us

Office: Room 147

Course Description: With structured guidance, this class provides you an opportunity to prepare yourself for life after high school. Not only will you create a plan for your immediate future, but also allocate the resources to finance your plans.

Class Expectations: Work hard, focus and make every moment count. You are getting paid to take this course because every scholarship applied for is potentially money in your bank account. This is NOT a study hall. Follow the NOW approach: No Opportunity Wasted.

Discipline:

Due to the fact that this course was designed to give you the time and support necessary to plan for your future, a strict one warning policy on non-productive behaviors will be enforced.

Grading: Frankly, this should be the least of your concerns: by taking this course you are planning your future and potentially getting paid to do so! What is more rewarding and motivating than that? You will be awarded 10 points for every assignment. Obviously, you will always do your best work because the documents you create in this class literally represent YOU.
